

Location

Iberotel Aswan has an excellent location with magnificent views of the Nile and is ideal for romantic getaways, honeymoons or those fascinated by the marvels and mysteries of ancient Egypt in addition to large conferences and incentives. This five-star property lies in the heart of what was the ancient frontier of Pharaonic Egypt, from where the stones to build the Pyramids came. You can still see traces of these 3,000 year old quarries in the cliffs and by the roadsides today. It is here too that the Greek philosopher Eratosthenes used measurements to prove that the Earth was not flat.
